SUMMARY

Engineering student with strong problem-solving and full-stack development skills, exploring technologies to deliver impactful solutions.

EXPERIENCE

Web Development Intern

Jan 2025

XMega IT Services, Nashik

- Worked on developing and maintaining responsive front-end components using React.js and Tailwind CSS.
- Integrated RESTful APIs with the frontend and debugged cross-browser compatibility issues.
- Collaborated with senior developers to implement dynamic UI elements and improve the user experience.

PROJECTS

Codeverse – Live Pair Programming Platform (Live Demo)

- Built a real-time collaborative IDE with a built-in **code compiler** using **Monaco Editor** and **Socket.IO**.
- Enabled multiple users to write, edit, and share code simultaneously in a live coding environment.
- Integrated **WebRTC** for peer-to-peer video communication during collaborative sessions.
- Developed using **React**, **Node.js**, **Express.js**, and **MongoDB** for full-stack development.

Calistaa – Tour and Travel Booking Platform (Live Demo)

- Designed a user-centric full-stack platform for booking curated travel experiences using the **MERN stack**.
- Integrated **Razorpay** for secure **online payments** and instant booking confirmations.
- Used **Cloudinary** for image hosting and optimized media delivery.
- Developed an admin dashboard with dynamic trip management, search, and filtering capabilities.

FaceLog — A Smart Attendance Solution (Code)

- Implemented real-time student detection and automatic SMS alerts to parents using **Twilio**.
- Technologies used: **OpenCV**, **Flask**, **Pandas**, **Twilio**.
- Trained a custom face recognition model to improve student identification accuracy.
